

# ROBIN DONATELLO | CV\_DONATELLO

Associate Professor of Statistics

📍 Department of Mathematics and Statistics, California State University, Chico  
🏠 [norcalbiostat.com](http://norcalbiostat.com)

✉ [rdonatello@csuchico.edu](mailto:rdonatello@csuchico.edu)

## Education

**Dr. Public Health in Biostatistics (DrPH)** - University of California, Los Angeles 2007 - 13

**Masters of Science in Biostatistics** - University of California, Los Angeles 2005 - 07

**Bachelors of Science - Statistics** - California State University, Chico 2001 - 05

**Bachelors of Science - Biology, Minor in Chemistry** - California State University, Chico 2001 - 05

## Employment

**Associate Professor** - Department of Mathematics and Statistics, California State University, Chico 2020 -

**Assistant Professor** - Department of Mathematics and Statistics, California State University, Chico 2014 - 20

**Research Manager IV** - Center for Healthy Communities, Chico State Enterprises 2019 -

**Database Administrator** - Keeping It Real LAC - Joint employment between the Institute for Health Promotion and Disease Prevention Research, University of Southern California and the Los Angeles County Department of Public Health, HIV and STD Program Office 2012 - 15

**Data Analyst** - Project Connect, Health Research Association, University of Southern California 2007 - 12

## Academic leadership

- **Data Science Program Coordinator** (2014-Present)

- In collaboration with the Department of Computer Science, I developed the Undergraduate Certificate in Data Science at CSU, Chico. Program started Fall 2018
- Currently working to expand into the Freshman/GE and Graduate space; Create a student internship program, and fee-based data-services practice.
- Website developer and maintainer for campus based website (<https://www.csuchico.edu/datascience>) and external blog based website (<http://datascience.csuchico.edu>)

- **DataFest Event Coordinator** (2018-Present)

- Organize and host the annual DataFest at Chico State, a weekend long data hackathon where teams of undergraduate students tackle a surprise real world dataset and compete for fame and prizes.
- Website: <https://chicodatafest.netlify.app/>

## Teaching

I regularly teach Applied and Theoretical Statistics courses, Data Science courses, and applied research/data science internships. The majority of my teaching materials are published through Github and available on my course website.

- **General Education**

- Statistics (Math 105) - General Education

- **Statistics**

- Applied Statistics I (Math 315) - Non Majors, mostly Natural Sciences
- Applied Statistics II (Math 456) - Majors, Minors, Data Science Certificate
- Probability and Statistics I (Math 350) - Calculus & simulation based probability for all math & some engineering majors.
- Data Analysis for Graduate Research (Math 615)

- **Data Science:** *All courses listed were developed and introduced by me as part of the Data Science Certificate.*

- Introduction to R (Math 130)
- Introduction to Data Science (Math 385)
- Advanced Topics in Data Science (Math 485)
- Data Science Project Capstone/Internship (Math 490)

- **Data Skills Workshops** In addition to teaching traditional courses, I occasionally teach reproducible research and data analysis skills using R at workshops. I am a certified Carpentry Instructor.

## Grants & Contracts

**USDA NIFA Hispanic Serving Institution Education Grant** - External grant \$275k- Enriching education at the intersection of Data Analytics and FANH through professional experiential learning and curriculum development.

2021-2025

- Project webpage: <https://www.dataanalytics4fanh.science/>

**College of BSS Strategic Performance Award** - Internal award \$2,500 - Building Community of Data-Science Enabled Research in the Social Sciences

2020

- Project Report: [https://data485-s20.github.io/campfire\\_tweets/](https://data485-s20.github.io/campfire_tweets/)

**NSF IUOE** - External grant \$1,600 - A Data-Driven, Multidisciplinary Curriculum Providing Access to the Data Analytics Economy through Project-based Learning

2018-2020

- Implementation partner. During S20 providing grant-wide student support in R programming. Abstract: [https://www.nsf.gov/awardsearch/showAward?AWD\\_ID=1820766](https://www.nsf.gov/awardsearch/showAward?AWD_ID=1820766)

**Exceptional Levels of Service to Students** - Internal award \$5,200 - Digging deeper to look beyond the DFW rate: A practical guide to analyze student success interventions.

2017

- Guidelines for using campus owned data in rigorous program evaluation of student success interventions.

**Department of Chemistry and Biochemistry** - Internal award \$5,200 - Mining historical data for predictive intervention in General Chemistry Course Redesign.

2016

- Funding to attend 2015 Joint Statistical Meetings

## Consulting

I often consult with internal and external people and organizations to provide Statistical or Data Science assistance that do not directly result in a manuscript.	
<b>Brady Hayes</b> - Enloe Medical Center, Chico, CA	2019
<ul style="list-style-type: none"><li>• Statistical consulting for PHd Thesis research</li></ul>	
<b>Jennifer Wilking, Susan Roll</b> - Department of Political Science, School of Social Work, CSU Chico	2019
<ul style="list-style-type: none"><li>• Statistical analysis support for a housing insecurity study.</li></ul>	
<b>Dr. Ben Van Deusen</b> - Department of Science Education, CSU Chico	2018
<ul style="list-style-type: none"><li>• R programming assistance for missing data models.</li></ul>	
<b>BLDD Architects</b> - Illinois	2017
<ul style="list-style-type: none"><li>• Data analysis to analyze the effect of building and campus structural changes on middle- and high-school students academic performance and rate of referrals to the principal.</li></ul>	
<b>Driscoll Berries</b> - Red Bluff, CA	2016
<ul style="list-style-type: none"><li>• Sampling design and analysis of the effects of varying growing conditions on strawberry plants.</li></ul>	
<b>Keeping It Real Together</b> - Los Angeles, CA	2015-2017
<ul style="list-style-type: none"><li>• Program evaluation of a federally funded Teen Pregnancy Prevention program.</li></ul>	
<b>Dr. Bill Loker</b> - CSUC Department of Undergraduate Education	2014-2017
<ul style="list-style-type: none"><li>• Predictive modeling of students at risk of dropping out after the second year.</li></ul>	
<b>UCLA Fielding School of Public Health, Center for Health Advancement</b> - Los Angeles, CA	2013-2015
<ul style="list-style-type: none"><li>• Create and implement methods to improve the quality of local area estimates in LA County and forecast changes in risk factors and disease rates through 2030 using empirical Bayesian methods and MCMC simulation.</li></ul>	
<b>Absolute Return for Kids</b> - Mozambique, Africa	2013
<ul style="list-style-type: none"><li>• Assess the impact of mobile technology on patient retention in HIV care. Study design, enrollment simulation using and power analysis.</li></ul>	
<b>UCLA Luskin School of Public Affairs</b> - Los Angeles, CA	2013
<ul style="list-style-type: none"><li>• Assess the correlation between DUI arrestees with prior violent criminal histories and motor vehicle crashes resulting in death or injury. Study design, statistical consultation, and data analysis.</li></ul>	
<b>Dr. David S. Finley</b> - Institute of Urologic Oncology, David Geffen School of Medicine, UCLA	2011
<ul style="list-style-type: none"><li>• Analysis of staining patterns for aggressive tumors.</li></ul>	
<b>Media Genus, Diversified Mercury Communications, LLC</b> - Santa Monica, CA	2009-2011
<ul style="list-style-type: none"><li>• Predictive marketing analysis using Bayesian hierarchical modeling and MCMC on large and sparse data.</li></ul>	
<b>Dr. Aarne Jyrala</b> - Heart Institute, Department of Cardiothoracic Surgery, Good Samaritan Hospital	2008
<ul style="list-style-type: none"><li>• Analyzed the effect of Euroscore variables and hyperthyroidism on post-operative patients undergoing renal failure.</li></ul>	

- 
- Data analysis on the relationship between spirituality and HIV/Sexual risk behaviors in teens.

**Dr. Judith Currier** - UCLA School of Medicine

2007

---

- Data analysis of Coronary Atherosclerosis in HIV-infected Patients

## Professional Society Memberships

**American Statistical Association** - Member: Sections on Statistics and Data Science Education, Statistical Programmers and Analysts, Teaching Statistics in Health Sciences

2007 - Present

---

**Western Users of SAS Software** - Student Member

2012 - 2013

---

**American Public Health Association** - Member: Section on Public Health Statistics

2011 - 2013

---

## Professional Service

**Western Users of SAS Software Annual Conference and Educational Forum** - Conference Planning Committee

2016-2020

---

**Joint Statistical Meetings** - Conference Session Chair

2015

---

**American Public Health Association 2012 Annual Conference** - Conference Abstract Reviewer

2014

---

**The American Statistician** - Publication Reviewer

2014

---

**Western Users of SAS Software Annual Conference and Educational Forum** - Conference Session Chair

2013

---

**American Journal of Public Health** - Publication Reviewer

2011

---

**Joint Statistical Meetings** - Conference Session Chair

2009

---

## Publications

## Books

1. Afifi, A., May, S., Donatello, R., & Clark, V. (2020). *Practical multivariate analysis* (6th ed.). Chapman; Hall/CRC.
